AQUATICS INTERNATIONAL
Dream Designs 2009 Entry Form
A Showcase of Aquatics Facility Designs for 2009
DEADLINE: March 2, 2009

Mail completed entries to: Gary Thill, Editor AQUATICS INTERNATIONAL
6222 Wilshire Blvd. STE 600 Los Angeles, CA 90048
Questions? Contact Gary Thill: 503-288-4402 • E-mail: gthill@hanleywood.com

About the Contest

The Dream Designs showcase is a FREE program that allows all designers and architects to submit extraordinary projects in any or all of the categories below. Follow the entry instructions below and watch your projects come to life in the pages of *Aquatics International*. Projects will be featured in the July/August 2009 issue.

To Enter:

- Complete one entry form for each facility you wish to submit. Answer all questions as completely as possible. Please write neatly or type your answers.
- Enter only one project per category. Each project requires a separate entry form.
- Submit at least four professional photographs (high resolution, at least 300 dpi) per project. Photos should be sent via CD, please label disc accordingly with project name and your company. Photo files themselves should be labeled with facility name and numbered or lettered to corresponding captions. Please provide photo credits and captions in a separate document.
- Submit at least one two-dimensional floor plan per project.

If different, specify Architect of Record:

Firm Name: _____

City, state, ZIP: _____ Web address: _____

Project category: (entrants may submit up to one project per category)

- Competition Therapy/Wellness Health Club Waterpark
 Leisure Waterpark Resort Spraypark

Date of Occupancy: _____

Total Construction Cost (Excluding Design Fees and Land): _____

Total Gross Square Feet of aquatic space: _____

Approximate Cost Per Square Foot: _____

How was the facility funded?: _____

Facility Description

Describe your project and discuss the following six points in a publishable essay of 500-800 words. Submit one hard copy with your entry and be sure to include the document as a Microsoft Word file. Entries without a soft copy of the description essay may be disqualified.

- 1. Innovative features** – How is this project forward-thinking? Does it use “Green” technology or equipment? Were materials used in a creative way?
- 2. Design Highlights** – Are there any special or unique design considerations? Were there certain site challenges that had to be overcome? How do aquatic aspects relate to and complement the rest of the facility?
- 3. What Makes this a “Dream Design”** – What other features or characteristics set this project apart from others?
- 4. Audience** — Who was this facility built to serve and how has the design achieved that goal?
- 5. Design Aesthetic** — What inspired this design? How were colors used to enhance mood/look. How were themes chosen? (when applicable)
- 6. Cost** – What cost-saving measures were used; What energy-conservation measures?; What budgetary challenges were overcome?

Please specify proper credit line for photos and supply necessary photo captions in a separate document. Make particular effort to include photos and captions that illustrate the facility description: (if more than one photographer, label the backs of photos accordingly.)

Associated Firms: (use extra sheet if necessary)

1. Firm Name: _____ Job (i.e. General Contractor): _____

Web Address: _____ City, State, ZIP: _____

2. Firm Name: _____ Job (i.e. General Contractor): _____

Web Address: _____ City, State, ZIP: _____

3. Firm Name: _____ Job (i.e. General Contractor): _____

Web Address: _____ City, State, ZIP: _____

4. Firm Name: _____ Job (i.e. General Contractor): _____

Web Address: _____ City, State, ZIP: _____

5. Firm Name: _____ Job (i.e. General Contractor): _____

Web Address: _____ City, State, ZIP: _____

Facility Component Manufacturer List: (please indicate the manufacturer name, city, state and Web address of each of the following components where applicable)

- Access Ramps Stairs: _____
- Bleachers: _____
- Bulkheads: _____
- Chemical Control Systems: _____
- Cleaner Vacuums: _____
- Covers: _____
- Dehumidifiers: _____
- Dive Stands: _____
- Filters: _____
- Flooring: _____
- Gutters: _____
- Handicapped Equipment: (please specify) _____
- Heaters: _____
- Ladders Grab Bars: _____
- Lane Markers: _____
- Lighting: _____
- Lockers: _____
- Pumps: _____
- Retractable Roofing: _____
- Sanitization Systems: _____
- Spray Park Accessories: _____
- Starting Blocks: _____
- Sun Shades: _____
- Surface: _____
